REPORT VERIFIES FUND'S SHORTAGE

Document of Park Commission, Made Public Today, Reviews All Work for 1911

DOE RUSH AT LEVEE PARK

Commissioners Say It Is the Big Job for Coming Year and Should Be Completed Soon

Some idea of the inadequacy of the city's appropriation of \$10,000 for the park purposes for the coming year may be gained by the knowledge that the estimated cost of maintenance and improvements of the city beauty spots, exclusive of levee park, during the coming year is \$8,340.

This fact became known today when the report of the park commission for the 1911 season was made public.

The report also shows that the appropriation which the park commission deemed necessary this year was \$17,625 or \$7,625 more than provided in the budget.

The report itself is a detailed document which is a complete review of the work and improvements at all the various playgrounds and parks and contains itemized accounts of the receipts and expenditures of the commission.

The report, as it will be presented to the mayor and common council, and which is complete up to the last day of October, 1911, is highly commendatory of the work during the past season and the results attained.

A complimentary tribute is paid to the working force of the park department and they are commended for their efficiency and enthusiasm in making a showing "which should make during the coming year."

The report of the commissioners, which is preliminary to the details of the season's endeavor, is as follows:

Your board of park commissioners has begun to submit its fourth annual report to which is appended reports of the park superintendent of the play ground director, also financial statement and estimate for the coming year. In general the work accomplished during the past year is satisfactory and has been economically performed. The working force is becoming more efficient and is laboring with spirit to make a showing which should mature during the coming year. The first of play ground supervision has demonstrated its necessity and usefulness and if the effort is sustained the movement will show beneficial results in the character of the youth of the city.

The only work of large importance for the coming year is the improvement of the levee park which requires ample support from the city to do everything necessary to complete it.

The itemized estimate shows there is \$17,625 necessary for the park department for the coming year. In making up this budget nothing has been introduced that has not been deemed necessary and work must be done in the most economical way to square with the estimates. The estimate has been prepared with care and there is not included a fair margin of safety which should be allowed in work of such a character.

While the expenditures on the levee are chargeable to parks the levee must be considered that in addition to the park area the city is securing a practical levee for business purposes.

Respectfully,
BOARD OF PARK COMMISSIONERS.
By J. M. HIXON,
"President."

Report of Forrer

The report of J. H. Forrer, park superintendent, is a detailed statement of the work of the department and it dwells to great length on the improvements made at various city beauty spots. He also makes estimates of cost for labor and improvements for the coming year.

The budget prepared by the commission and which the commission desires the city was cut to the edge, is as follows:

Salaries in fund Nov 1, 1911 \$ 3,628.97
due from subscribers 27,950.00

\$31,578.97

Minor improvements of parks excepting levee park 8,340.00

due on contract for levee park 10,404.00

Painting, lighting, water, etc., (complete instal.) 28,000.00

necessary to be related by taxes, proposed appropriation 17,625.00

In his report Superintendent Forrer draws attention to the fact that co-operation with the Pettibone commission arrangement may be made for a city skating rink at the Pettibone park lagoon this winter.

DRUNK FORGETS NAME.

A man who was too drunk to give his name, was arrested this afternoon by the police. He is alleged to have attempted to make off with a large fur store on Main street.

SHE FINDS AN AFFINITY

PARIS, Nov. 23.—Ever since the first publication of an alleged romance between Mme. Curie, the discoverer of radium, and Professor Langevin, officials of the Sarbonne have been doing all in their power to suppress the story.

But a Paris newspaper has printed what it says is a verbatim copy of the complaint lodged by Mme. Langevin against her husband. This complaint charges that July 15, 1910, Professor Langevin rented under his own name an apartment in the Rue de Banquier, renewed the lease October 15, 1910, until July 15, 1911, under the name of Crosnier, and that the professor and Mme. Curie met there continually to the scandal of the neighborhood.

"There are the profoundest affinities between us," says a letter from Mme. Curie to Langevin, "which need only a favorable mode of life for development."

PACKERS OBTAIN FURTHER DELAY

Chief Justice of U. S. Supreme Court Will Present Petition to Entire Tribunal

MAY POSTPONE THE TRIAL

Beef Barons Confident the Lower Court will Continue Trial Until Decision

WASHINGTON, Nov. 23.—Counsel for the beef packers of Chicago this afternoon succeeded in obtaining a further delay in the government suit against them, by an appeal to Chief Justice White of the United States supreme court at his residence here.

Though the chief justice refused to issue an order for a stay of proceedings in the court in Chicago, he did consent to present the whole matter to the supreme court on its reconvening a week from next Monday. Counsel for the packers, Levy Mayer and John S. Miller this afternoon declared they were confident that the lower court would recognize this action of the chief justice, and continue the trial until the supreme court renders its decision.

The lawyers handed the chief justice a petition, praying him to issue an order for a stay of proceedings. This petition was based on an attack on the constitutionality of the Sherman anti-trust law as interpreted by the supreme court in the Standard Oil and Tobacco trust decisions.

Chief Justice White received the petition, but said he could not comply with their request for an order for a stay of proceedings. The matter was of such importance, the chief justice said, that he felt it should be referred to the entire court. He would, therefore, he said, present the petition to the court when it reconvenes December 4.

BLACK HANDERS ARE LURED TO DEATH

CHICAGO, Nov. 23.—Unable to deliver three black hand terrorists over to the law, because of insufficient legal evidence, several of the victims of their operations lured Francisco Denello, Pasquale Demico and Stefano Denello to an unfrequented spot, shot two of them dead and mortally wounded the third. This is the explanation advanced today by the police.

The shooting occurred last night in a tunnel under the Rock Island railroad tracks, and that it was planned in advance is indicated by the fact that it took place in utter darkness. The men were literally riddled with bullets.

"The city is rid of a bad gang," declared Police Captain Harding.

ARCHBISHOPS REACH ROME.

ROME, Nov. 23.—Archbishops Farley and Falconio arrived here today. Monsignor Kennedy, the American college in Rome, and auxiliary Bishops O'Connell, of San Francisco, met them at the station. Archbishop O'Connell, of Boston, is expected to arrive at Naples tomorrow and will take the first train for Rome.

BRYAN SAVED FROM SEA

LINCOLN, Neb., Nov. 23.—William J. Bryan, wife and from the stranded steamer Prinz Joachim and now are on their way to Cuba. A wireless to C. W. Bryan, received this morning by way of Key West, says: "Safe on board Ward line steamer. Enroute Cuba via Nassau."

FOREIGNERS FLEE FURIOUS FIGHTING

Chinese Still Killing Europeans who Are Seeking Safety on the Coast

MISSIONARIES MURDERED

U. S. Troops Will Be Rushed from Manila to Protect Americans in China

SHANGHAI, Nov. 23.—Furious fighting is in progress today at Hankow, according to messages just received here. The firing is reported more deadly than at any time since hostilities began. The death roll on both sides is very heavy.

Wireless messages from up river say the German boat Otter has rescued 180 foreigners on the upper Yang Tse, who were trying to make their way to the coast. The country through which the fugitives were passing was becoming more and more hostile and but for the other, it is considered doubtful if they would have ever reached safety.

Foreigners Massacred

PEKING, Nov. 23.—The massacre of foreigners is still going on in Shen Si province, according to information received here today. In the same province more than 2,000 Manchus have been slaughtered. It is also reported that foreigners are being murdered in Yun Nan. Five thousand corpses strew the battlefield at Hankow as a result of two days' fighting. The anti-foreign agitation is assuming a most dangerous character.

Missionaries Murdered

TIENTSIN, Nov. 23.—Confirmation has been received here of the murder by natives of Dr. Legendre and other French missionaries at Ning Yau Fu.

WASHINGTON, Nov. 23.—Following the receipt today of dispatches regarding the massacre of foreigners in China, Secretary of State Knox held a conference with President Taft on the Chinese situation at which the question of sending troops from Manila was discussed.

POLICE SHAKEUP STIRS CHICGO

Three Suspended; Threats of Death; Wholesale Clean-up Promises Are Latest Developments

CHICAGO, Nov. 23.—Suspension of three high police officials under charges of winking at vice, trial today of three others on the same charge; death threats to Harry Brodski, reformed gambler, who "squealed" on organized vice, and the city civil service commission promising another wholesale police shake-up—these were the developments up to today of Chicago's cleaning up. One official, Captain Plunkett, has already resigned under charges.

The police officials suspended were Inspector John L. Revere, Captain B. P. Baker, and Lieut. John Hanley. They were officially charged with neglect of duty—the same accusation on which Inspector C. C. Dorman, and Lieutenants W. D. Ambrose and Thomas J. Howard will today be tried before the civil service board.

Ben Hyman, ex-king of the gamblers, declared to the commission that Alderman "Hinky Dink" Kennedy, former State Representative "Manny" Abrams; City Oil Inspector James A. Quinn; Acting Superintendent of Streets Frank W. Solon, and Alderman H. J. Bauer, were all connected with the gambling ring here. Kenna and Abrams first gained national fame when United States Senator Lorimer related his friendship for them, in his speech of defense in the senate last spring.

Harry Brodski, the informer, was asked to change his place of abode today, when the management of the hotel where he has been living continued to receive threats that the building would be dynamited to "get" Brodski.

CHURCH PEOPLE OWN RED LIGHT PROPERTY

CLEVELAND, Ohio, Nov. 23.—Just whether members of the flock of Rev. W. W. Bustard of the Euclid Avenue Baptist church appreciate the situation is not known, but Rev. Bustard has called upon Chief of Police Kohler to furnish him the name of any of his congregation who own property which is being rented for saloons or immoral purposes. Rev. Bustard is John D. Rockefeller's Cleveland pastor. He ran afoul of Chief Kohler yesterday in demanding to know why saloons were not closed on Sunday and also declared vice was being ignored. Kohler replied by bringing the charge against Bustard's congregation and today the minister asked for names.

GIRL UNDER A SPELL TRUST TRIES TO

SAN BERNARDINO, Cal., Nov. 23.—Resuming her story of how she was hypnotized by Dr. A. W. McDavid and held prisoner in a room adjoining his office for fifteen months, Jessie McDonald, the high school girl, who is prosecuting the dentist, took the stand today. During her testimony she appealed repeatedly to the judge to prevent McDavid looking at her, fearing he would cast a spell over her. She judge to prevent McDavid first took her prisoner he hypnotized her and thereafter she was powerless. She could not leave the little room adjoining his office, she said. She could not cry out for help and when she tried it, she said McDavid hypnotized her again and she did not then want to leave.

McDavid's attorney put her through a severe cross-examination, but failed to shake her story.

LABOR LEADERS TO FACE CHARGES

Justice Wright Refuses to Dismiss Contempt Case Against Gompers

THREE DAYS TO PREPARE

Trouble Arises from Publication of Stove Company on Unfair List

WASHINGTON, Nov. 23.—In a scathing decision Justice Daniel Thew Wright today refused to dismiss the contempt charges against President Gompers, Vice President Mitchell and Secretary Morrison, of the American Federation of Labor, in the famous Bucks Stove and Range company case, in the district supreme court. This means that he will again attempt to force the labor leaders to trial. The defendants demurred to the report of a special "prosecuting committee" which recommended renewed proceedings. Justice Wright decided against them and took occasion to flay the labor leaders.

The supreme court of the United States last spring dismissed the defendants who then were under jail sentences pronounced by Justice Wright. The highest court, however, gave its decision "without prejudice" against renewed action. The labor leaders had not actually been committed to jail.

The case arose from the publication of the name of the Bucks Stove in an "unfair list" in violation of an injunction.

The trouble between organized labor and the Bucks company was settled last year, but Justice Wright holds that this has no bearing on the offense against the dignity of the court.

The court held that the statute of limitations for prosecution of crime has no application to prosecutions for contempt of court, and that the contention of the labor leaders that the alleged contempt was committed more than three years ago is meritless. Three days were given to counsel for the defendants to reach an agreement with the "committee of prosecutors" as to the appointment of a commissioner or special examiner to take testimony in the case. If an agreement cannot be reached within that time the court will appoint one.

Mitchell Would Give Up

After Gompers had finished his address, John Mitchell suggested withdrawing attorneys and letting the three defendants of whom he is one, take the consequences, and thus "end the vindictiveness of Judge Wright." He said he was tired of defending the case and was ready to go to jail if he must. He said that if all labor men were not to be defended, there should be no exception in favor of these three. The convention should determine now what its policy should be, he said.

The convention today voted that the executive committee should continue to fight the C. W. Post case.

SIXTY DIE IN A WRECK

PASSENGER TRAIN PLUNGES INTO RIVER; FLOOD CARRIES OUT BRIDGE ON THE FRENCH STREAM

SAUMUR, France, Nov. 23.—A passenger train plunged into the Thouet river at Montreuil-Bellay today and sixty persons were drowned. A flood had carried out the bridge and the train, rounding a curve at top speed, leaped from the abutment. The coaches contained about 100 passengers, many of whom perished in their compartments.

PASTOR IS A FUGITIVE BEATTIE BIDS HIS

Father, Sister and Brother Look for the Last Time on Face of Wife Slayer

BEULAH BINFORD IS "SORRY"

Pretty Girl who was Cause of Murder in New York Under Fictitious Name

RICHMOND, Va., Nov. 23.—The father, sister and brother of Henry Clay Beattie, Jr., looked upon his living face for the last time today. The ministers and family attorneys were the first visitors to the death cell, but soon afterward the grief-stricken father, the pitifully pathetic sister and brother, who holds up best but also is near collapse, arrived at the prison.

It was the day of last farewells for the family. The ministers reported that the prisoner had improved in spirit since he accepted religion and that he was prepared for the day's ordeal as well as could be expected.

With less than twenty-four hours' life before him, the young wife murderer knelt in prayer after the fashion of the twelve sturdy countrymen, who, after asking Divine guidance in the jury room, pronounced the verdict that is about to be carried out.

Sad Scene in Cell

It was a strangely sad scene in the death cell when the whole family joined in prayer. It was a reproduction with fearful variation of the scenes long ago in the Beattie household when the members joined in family prayer about the mother's chair. The absence of the mother today was one great comfort in the bleeding heart of the gray haired man who looked into the eyes of his favorite son for the last time.

Beattie will be executed between 7:20 and 7:25 o'clock tomorrow morning.

NEW YORK, Nov. 23.—"If justice is being done, it is all right. I am sorry for Henry Beattie. I am sorry that I have been drawn into this thing. Of course, it is hard to imagine that any person you actually knew could have done such a thing, but if the jury found him guilty, he must have been guilty."

"I don't know anything about the murder. I hate to believe Henry did it, but the jury found him guilty; justice must be done."

Beulah Binford, pretty woman, for love of whom Henry Clay Beattie dies tomorrow morning in the Richmond jail, today gave the United Press probably the last interview she ever will give to the press.

While Beattie today is preparing himself for the ordeal in the cell in the house in Richmond, Beulah Binford is preparing herself for an ordeal that may result in her death. She is suffering from appendicitis and arrangements have been made at St. Luke's hospital for an immediate operation.

Under Fictitious Name

Under a fictitious name that will veil her identity, the girl is living here with the family of Isadore Bernstein. She is under the constant eye of Rev. Madison C. Peters, the noted preacher, who is striving to win her away from the life of the past.

"For God's sake let me alone," continued the girl. "I don't know anything about the case. Do not drag me down again. Beulah Binford is dead. I have a good home and a good position here and all I ask is to be left alone and given a chance to save myself. I have got the only real friends that I ever made in my life and these true friends will be the only ones who will ever know the old Beulah Binford in the future."

At present the young woman is posing for a moving picture concern though only one man in the establishment, her employer, is aware of her identity. According to those who know her under her new name, the young woman is light hearted and care free, apparently unconcerned about the fate of the man who goes tomorrow to his death for her.

She has thrown herself with great gusto into her work and has shown considerable talent in her new profession.

HYDE ON TRIAL FOR MURDER OF SWOPE

KANSAS CITY, Mo., Nov. 23.—In a courtroom so cold that the attorneys, jurors and even Judge Porterfield were forced to retain their overcoats, the second trial of Dr. B. Clark Hyde for the murder of Col. Thomas H. Swope actually commenced this morning, after nearly four weeks of preliminary skirmishing to select a jury and set the opening arguments. The first witness for the prosecution was Oscar W. Cogswell, the probate clerk who handled the will of Colonel Swope. He produced that document in court today.

JURY GETS CASE OF "DIRTY DOZEN"

Richie Makes Violent Attack on Men who Tarred Helpless School Teacher

DEFENSE OFFERS NO EXCUSE

One of State's Witnesses Accused of Planning Vile Assault on the Girl

LINCOLN CENTER, Kan., Nov. 23.—At 11:25 a. m. today the "Shady Bend tar party" case went to the jury, following arguments by Colonel Dave Richie for the defense and Attorney General A. N. Hawkes for the state.

The defense, in summing up its case, did not make any attempt to defend the action of the men who tarred Miss Chamberlain, neither did it try to excuse the assault. His effort was an attempt to prove that the three men now on trial had no hand in the conception or the carrying out of the tarring plot.

When court opened Colonel Richie made a valiant attack on the "dirty dozen" of Beverly, and attacked Chester Anderson, one of the state's principal witnesses in particular.

"These men," he shouted, "conceived and executed the scheme. The three defendants had no part in it at all."

Richie also claimed that the meeting of the three men at the mill had no bearing on the case, and that the men knew nothing of the plan to tar the girl.

Hawkes in his final summing up, strongly defended Anderson's story and demanded a verdict of guilty.

WEBBER SLIGHTLY BETTER, IS REPORT

Attempts to communicate with the residence of Police Chief John B. Webber today were unsuccessful. At the police station, however, it was asserted that a slight change for the better had been reported by the attending physicians. Mr. Webber is still in a serious condition and every precaution is being taken to guard him from visitors or anything that would have a tendency to interrupt his rest.

WEATHER

For La Crosse and vicinity: Generally fair tonight and Friday; colder tonight with a minimum temperature of 19 degrees or less.

For Wisconsin: Generally fair tonight and Friday; much colder tonight.

For Minnesota: Generally fair tonight and Friday; colder east and warmer northwest portions tonight; warmer Friday.

For Iowa: Generally fair tonight and Friday; colder east and south portions; rising temperature Friday.

Weather Notes

The low pressure centers are located this morning off the southern coast of Texas and in the Lake Superior district and rain or snow has occurred from the west gulf states to the upper lakes. An area of high pressure overlies the western half of the country and there has been a decided drop in temperature throughout the plains states and in the upper Mississippi valley and to zero or below in North Dakota and the adjacent Canadian territory. Another storm is developing in Alberta and the temperature has risen in that section.

The weather will be generally fair in this section tonight and Friday with lower temperature tonight followed by rising temperature Friday night. A minimum temperature of 10 degrees or lower will be recorded tonight.

KILLS SELF IN JAIL

MADISON, Wis., Nov. 23.—Anton Aigner, who was arrested here by the police yesterday following a complaint from the authorities in Pocahontas county, Iowa, that he had stolen \$3,800 from his stepfather, committed suicide in the police station last night by asphyxiation with gas. When apprehended he had on his person certificates of deposit for about \$3,000 and \$500 in cash.

ALLEGED SLAVER CAUGHT

CHICAGO, Nov. 23.—Word was received by the Chicago police today that Al Freeman, alias Bert Belanski, alleged abductor of Lillian Bennett, of Benton Harbor, Mich., had been arrested at Louisville. Freeman is wanted here to answer a charge of alleged violation of the white slave law. It is alleged he enticed Lillian Bennett to Chicago under pretense of securing a theatrical engagement for her.

AWAY GOES ALL STOMACH MISERY

No Indigestion, Dyspepsia,
Gas or Heartburn five
minutes after taking
Diapepsin

If you had some Diapepsin handy and would take a little now, your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your doctor for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapepsin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

"KIDS" SUFFERING IN SHOE FAMINE

Humane Officer Issues Call
for Footwear for Chil-
dren of "God's
Patient Poor"

Another shoe famine in La Crosse and among the "kids" at that. This is the information given out by Superintendent D. C. Dewey of the City Mission today.

That a large number of children in La Crosse have not got shoes to put on their feet despite the fact that the ground is covered with snow, is the assertion of Mr. Dewey who says "charity should begin at home," when referring to aid being sent to Black River Falls.

"Efforts should be made to supply the lack of shoes which is staring the juvenile population in the face, before any farther aid is sent to the citizens of Black River Falls," said Mr. Dewey.

"I am being bombarded with cries for aid in this matter on all hands and find that I can not begin to supply the little fellows with the shoes that are necessary."

"Not only am I being flooded with requests for shoes for children but in consulting Humane Officer C. H. Berry I find that he is confronted with the same proposition and our children are suffering before our eyes with no sign of relief in sight."

"Something must be done to relieve the situation but what is the solution? Calls for partly worn shoes from those in a position to afford a little charity have only resulted in baskets of shoes ranging in size from six to ten being brought in and the shortage in children's shoes still remain."

LUMP SUGAR

Nature's Medicine For Children
Every mother knows the difficulty of getting her children to take medicines, and appreciates the value of sugar as a means of rendering the dose palatable. A dash of peppermint on a lump of sugar will often cure a stomach ache more effectively than a dose of paragon.

The most stubborn colds, sore throats and bronchial coughs yield promptly to the healing action of a few drops of virgin oil of pine, taken with sugar. This is so pleasant to the taste that the little folks are eager for it and so immediate is its action that any cold that is curable will be completely broken up by it inside of twenty-four hours.

Older folks can use oil of pine to equal advantage. It may be procured at any drug store in sealed half-ounce vials bearing the label of the Leach Chemical Company of Cincinnati, Ohio. Mixed with a couple of ounces of glycerine and a tumbler full of pure whiskey, the contents of one of these vials will keep an entire family free from colds and bronchial troubles for a year.

The Woman Who Doesn't Know

Merely orders "flour."

And the grocer thinks that she doesn't care.

But she does.

What woman lacks pride in her baking?

But she doesn't know how flours differ.

Else she doesn't think.

And, by leaving the choice to someone else, she gets the wrong flour at times.

Gold Medal Flour is selected flour. It comes from the heart of the wheat.

It is the sifted-out flour—the perfect flour—which comes through ten sheets of fine silk.

None but this cream of the flour is ever branded Gold Medal. Yet lesser grades—hundreds of them—cost just as much as this.

This is the flour which has come to outsell every other flour in existence. You'll get it always when you find it out.

ANSWERS ATTACK ON THE UNIVERSITY

MADISON, Wis., Nov. 23.—The attitude of the state and the university on the question of permitting university men to work half of their time in the capitol in return for half salaries was explained today by F. E. Doty, head of the civil service commission, in reply to State Superintendent of Education Cary, who yesterday declared that the state was in danger of being governed by

the university, pointing out that there are some university men employed in the capitol as a proof.

"The university men," said Mr. Doty, "are at work in the offices of the railroad and tax commissions, where there is a certain amount of extensive statistical work to be done. These positions can be best held by men who have been educated along the lines needed."

If a man doesn't look out for himself he will never be able to get a look-in.

If You Wish to Double the Beauty of
Your Hair at Once, Just Get a 25
Cent Bottle and Try This

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of Dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

WISCONSIN TO BE AT BIG LAND SHOW

CHICAGO, Nov. 23.—At the opening of the land show, which will continue for three weeks and is one of the largest exhibits held in Chicago for many years, it was readily noticed that Wisconsin had secured the best location in the Coliseum for its booth. The booth is in front of the main entrance, is about twice the size of the average booth, and was contracted for at a cost of

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

several thousand dollars by the Wisconsin Advancement association of Milwaukee.

The exhibits, which are directly in were arranged by experts from the University of Wisconsin. Hundreds of people daily consult these men who can give good advice, as all have made a study and are expert authorities on the raising of crops.

Each state is to have a special day devoted to it, the Wisconsin day being scheduled for November 25. A special program of speeches and music has been arranged and men of state and national reputation will be present.

TAFT DINNER PAVES WAY TO NOMINATION

WASHINGTON, Nov. 23.—The first open move to be made by President Taft in the interest of his re-nomination for the presidency will be a dinner to the republican national committee at the White house December 11, it was learned yesterday. The entertainment of the committee men by President Taft will be a frank bid for their support in 1912, is the view of politicians. It will take place on the eve of the departure of the republicans for their home states, as the committee assembles on December 9.

A Drop of Blood

Or a little water from the human system when thoroughly tested by the chief chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., tells the story of impoverished blood—nervous exhaustion or some kidney trouble. Such examinations are made without cost and only a small part of the work of the staff of physicians and surgeons under the direction of Dr. R. V. Pierce giving the best medical advice possible without cost to those who wish to write and make a full statement of symptoms. An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alternative and glyceric extract of roots, without the use of alcohol, such as

FIND RELIEF FOR THIS BUDGET ERROR

The Tribune appreciates the difficulties experienced by the city administration in "making both ends meet," and we therefore counsel a charitable attitude on the part of those who, from time to time, are called upon to differ with the officials regarding features of the city budget. It is therefore with the kindest feeling that we refer at this time to an item in the present budget which we believe should be revised, even though it involve "robbing Peter to pay Paul," care being taken to select the "Peter" that can best stand the strain of added privation.

In The Tribune of yesterday there appeared an unofficial statement from the park board to the effect that Riverside park cannot be completed this year, owing to the fact that the budget provides but \$10,000 for the park board, instead of the \$20,000 originally apportioned.

In this connection we desire to call attention to a circumstance entirely creditable to the park commissioners. The original provision for park purposes, arranged by the city before the appointment of commissioners and therefore representing, in a degree, a guarantee of that fund to those contemplating acceptance of bonds on the commission, was a "mill tax" to raise \$20,000 per year. It may be added that this revenue was in view when members of the commission made Riverside park possible by personal contributions aggregating upward of \$40,000.

Last year additional funds were needed for the schools, and this fact enlarged the necessities of the city so that its revenues could not be stretched to cover the whole. The park commissioners, considering, declared that they would let nothing stand in the way of sufficient school funds, and notwithstanding that their action meant an additional draft upon their private resources, they voluntarily relinquished a lot of schools one-half of their annual \$20,000 park appropriation.

It may be presumed that the last

thing they thought of when they thus handicapped their cherished project was that their action might be made a precedent for reducing the park fund from year to year. However, it is almost possible to take it for granted that a precedent is recognized in the incident. Be that as it may, the fact remains that the plans of the commission were based upon the supposition that this year the park fund would be taken care of, and that its reduction to \$10,000 is a handicap which the commission cannot carry.

We can conceive of nothing more unfortunate than the prospective delay in the completion of Riverside park. That it is bad advertising abroad is a misfortune, important, but relatively inconsequential when paralleled with the immensely greater disadvantages of the effect at home.

It is unnecessary to indulge here in a discussion of the wisdom and the merits of the park program. Suffice it to say that a capable administration fathomed it after its endorsement at a great mass meeting, and that it is meeting with the approval of the deepest students of civics here, as it has in other cities where theory has been succeeded by practical experience; that at the outset it seemed to justify an outlay of approximately \$100,000, with additional annual sums, and that the new play grounds and open spaces, the great north side Copeland park and Byrne park bear witness to the wealth of good to be reaped from the plan.

However, although these achievements, the final answer to those who have doubted the wisdom of the scientific park system was expected next year in the completion of Riverside park. Hundreds now through this levee in summer, drinking in the cool air from the river, watching the life and lights upon the water. They have gathered there, night after night, despite the slovenliness of the surroundings. With the ground parked, the water front would have become the favorite resort of thousands, the spot where rich and poor would alike feel at home, comfortable in the enjoyment of that health and happiness which nature offers in a summer evening. Its completion would have marked the end of the "park controversy," it would have told its own convincing story of a splendid and largely beneficial undertaking happily consummated.

But the new budget leaves the Riverside park—so nearly completed, so nearly financed—practically bankrupt. With thousands invested, with thousands of those thousands donated, the work is hung up within sight of victory for want of a few dollars—"the kingdom" lost "for the want of a horseshoe nail."

This work will be finished some day. But the delay is unfortunate, humiliating. Two decades hence citizens will point with pride to the beauties of La Crosse the while they regale visitors with the story of the achievement conceived by Doctor Anderson and accomplished by Messrs. Hixon, Easton, Colman and Gund.

And must the historian of that day hesitate at the years 1911-12 and, with deprecating gesture, confess that in those years the work was held up by certain well-meaning men whose descendants are now enjoying the splendid park system concerning every phase of which they have come to be eager enthusiasts?

History is relentless. We believe, should there be an awakening to the importance of this matter, there would still be found in the city hall, ingenuitly to take the measure of necessity.

Regarding Mr. Bryan's escape from the Brynary deep when the good ship Joachim was hung up on the surf at Santa Domingo, we can imagine Wall street chorusing: "Yo-o-o-o stick to the sh-h-h-hip, I-a-d, We-e-e-e'll sa-a-ve our I-I-ives!"

A woman could give her children a lot of training if her father didn't need so much more.

The Famous Novel by Vaughan Kester

"No, you ain't—just yet," interrupted the girl hastily. "Listen to me first. They's a dugout tied up 'bout a hundred yards above the keel boat; you must get that to cross in to the other side of the bayou, then when you're ready to come back you're to whistle three times—it's the signal we're expecting—and I'll row across fo' you in one of the skiffs."

"Can you see Miss Malroy in the meantime?"

"If I want to, they's nothin' to hinder me," responded Bess sullenly.

"Tell her then—" began Carrington, but Bess interrupted him.

"I know what you want. She ain't to cry out or nothin' when she sees you—all. I got sense enough fo' that."

Carrington looked at her curiously.

"This may be a serious business for your people," he said significantly, and watched her narrowly.

"And you-all may get killed. I reckon if you want to do a thing bad enough you don't mind much what comes after," she answered with a hard little laugh, as she went from the shed.

"Come!" said Carrington to the negro, when he had seen the cabin door close on Bess and her lantern; and they stole across the clearing. Reaching the bayou side they began a noiseless search for the dugout, which they quickly found, and Carrington turned to George. "Can you swim?" he asked.

"Yes, Mas'r."

"Then go down into the water and drag the canoe farther along the shore—and for God's sake, no sound!" he cautioned.

They placed a second hundred yards between themselves and the keel boat in this manner, then he had George bring the dug-out to the bank, and they embarked. Keeping within the shadow of the trees that fringed the shore, Carrington paddled silently about the head of the bayou.

"George," he at length said, bending toward the negro; "my horse is tied in the woods on the right-hand side of the road just above where you were taken from the carriage last night—you can be at Belle Plain inside of an hour."

"Look here, Mas'r Carrington, those folks yonder is kin to Boss Hicks. If he gets his hand on me first don't you reckon he'll stop my mouth? I been here heaps of times fo'cin' letters fo' Mas'r Tom," added George.

"Who were the letters for?" asked the Kentuckian, greatly surprised.

"They was fo' that Captain Murrell; seems like him and Mas'r Tom was mixed up in a sight of business."

"When was this—recently?" inquired Carrington. He was turning this astonishing statement of the slave over in his mind.

"Well, no. Seems like they ain't so thick here recently."

"I reckon you'd better keep away from the big house yet a while," said Carrington. "Instead of going there, stop at the Belle Plain landing. You'll find a raft tied up to the shore; it belongs to a man named Cavendish. Tell him what you know—that I've found Miss Malroy and the boy; tell him to cast off and drift down here. I'll run the keel boat around the first change I get, so tell him to keep a sharp lookout."

CHAPTER XXXIV. The Keel Boat.

A few minutes later they had separated, George to hurry away in search of the horse, and Carrington to pass back along the shore until he gained a point opposite the clearing. He whistled shrilly three times, and after an interval of waiting heard the splash of oars and presently saw a skiff steal out of the gloom.

"Who's there?" It was Bess who

asked the question.

"Carrington," he answered.

"Lucky you ain't met the other man skiff alongside the bank."

"Lucky for him, you mean. I'll take the oars," added Carrington as he entered the skiff.

Slowly the clearing lifted out of the darkness, then the keel boat became distinguishable; and Carrington checked the skiff by a backward stroke of the oars.

"Hello!" he called.

There was no immediate answer to his hail, and he called again as he sent the skiff forward. He felt that he was risking all now.

"What do you want?" asked a surly voice.

"You want Slosson?" quickly prompted the girl in a whisper.

"I want to see Slosson!" said Carrington glibly and with confidence, and once more he checked the skiff. "Who be you?"

"Murrell sent you," prompted the girl again, in a hurried whisper.

"Murrell—?" And in his astonishment Carrington spoke aloud.

"Murrell!" cried the voice sharply. "—sent me!" said Carrington quickly, as though completing an unfinished sentence. The girl laughed nervously under her breath.

"Row closer!" came the sullen command, and the Kentuckian did as he was bidden. Four men stood in the bow of the keel boat, a lantern was raised aloft and by its light they looked him over. There was a moment's silence, broken by Carrington, who asked:

"Which one of you is Slosson?" And he sprang lightly aboard the keel boat.

"I'm Slosson," answered the man with the lantern. The previous night Mr. Slosson had been somewhat under the enlivening and elevating influence of corn whisky, but now he was his own cheerful self, and rather jaded by the passing of the hours which he had sacrificed to an irksome responsibility. "What word do you fetch from the Captain, brother?" he demanded.

"Miss Malroy is to be taken down river," responded Carrington. Slosson swore with surpassing fluency.

"Say, we're five able-bodied men risking our necks to oblige him! You can get married a damn sight easier than this if you go about it right—I've done it lots of times." Not understanding the significance of Slosson's allusion to his own matrimonial career, Carrington held his peace. The tavern-keeper swore again with unimpaired vigor. "You'll find mighty few men with more experience than me," he asserted, shaking his head. "But if you say the word—"

Tells How to Make a Pint of Laxative Cough Syrup Very Cheaply at Home

The reason that most all cough syrups are ineffective, is that the ordinary preparations are very constipating and after a while they aggravate the congestion and bring on fever and pneumonia. To avoid pneumonia the bowels should be laxative and the cough will soon be overcome.

The finest acting, most pleasant tasting and laxative cough syrup can be made at home by essence mentho-laxene. Empty it into a pint bottle. Make a syrup with a pint of granulated sugar and a half pint boiling water; stir and let cool. Then fill up the bottle with syrup. Shake it well and take a teaspoonful every hour or two until the cough is cured. This is the quickest acting and surest cough remedy ever conceived. All wholesale druggists and most retail druggists sell essence mentho-laxene.

"I'm all for getting shut of this!" answered Carrington promptly, with a sweep of his arm. "I call these pretty close quarters!"

Still shaking his head and muttering, the tavern-keeper sprang ashore and mounted the bank, where his slouching figure quickly lost itself in the night.

My Corns Don't Hurt A Bit

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you wish—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this:

"The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date Good-bye!"—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

EXPRESS ROBBER CONFESSES

GRAND RAPIDS, Mich., Nov. 23.—Perry B. I CAN WAIT

I can wait, I can wait as I've done in the past, Because all that is mine I am sure of at last.

We can not escape it; the good and the bad

We are sure of receiving; then wherefore be sad

And anxious, or worry, we each shall "get ours"

Of life's harvest of grain and of weeds and of flowers.

I can wait, I can wait till the seed I have sown

Day by day, year by year, to the harvest has grown.

And tho' loss be our portion, why should we complain?

We shall reap what we sow, be it pleasure or pain.

For as sure as our God reigns in heaven above

Strife begets strife, aye, and love begets love.

Then I'll wait, I will wait without hurry or fuss,

For the harvest is sure that is coming to us.

One day at a time's about all we can use;

If they came any faster there's much we should lose.

And as time that has passed us can never return

There is really no hurry. There's much yet to learn.

Where the Good Ones Were Put

One of Uncle Sam's bright young men attached to the embassy at London tells of a cab driver he met in that town who was evidently of the opinion that there is no better motto than "A place for everything, and everything in its place."

On one occasion as he swung down the Strand a visitor from this country asked him to point out the places of interest. In a moment the driver said:

"There, sir, is Luggit 'Ill, where they 'angs 'em."

Then a little later he added:—"There's Parliament 'Ouses, where they makes the laws wot does it under the way. An' there's Westminster Abbey, where they buries the good 'uns wot didn't get 'ang'd."

Division of Labor

There were points of resemblance between Mrs. Hammond and the lilies of the field; she had married a young man who had a good salary, but she

herself had never earned a penny in her life, nor had she been blessed with well to do parents.

"We have had a joint account in the National Fountain bank," she announced to one of her friends, when she had been married a few months. "It is such fun to pay bills by check."

"What do you mean by a joint account?" asked the incredulous friend, "do you put in equal sums?"

"O, I don't put in any," said Mrs. Hammond. "Will puts it in and I draw it out."—Youth's Companion.

"But we must always look on the bright side," said Mayor Grace of Fort Wayne discussing a party setback. "We must all take a lesson from Hiram Husk."

"Hi Husk, you know, visited Coney Island last week and had his pocket picked at a side show."

"I should think," his wife sneered, on his return home, "that you'd have a purty poor opinion of Coney after bein' robbed of your purse like that."

"Yes, that's right," said Husk; "but I come out better'n some folks did. Why Maria, the old banker's ward in the piece, beautiful Thais, had all her jools swiped, and the banker's wife throwed vitriol in his face durin' the same act I had my wallet stolen."—Washington Star.

APPEAL TO CONGRESS

WASHINGTON, Nov. 23.—Denouncing the alleged "disintegration" of the Tobacco trust, Attorney Felix H. Levy of New York today laid before the senate committee on interstate commerce the contentions of the independent tobacco dealers.

"If we fail in our efforts to get a review of the reorganization of the trust," said Levy, "I will be in favor of appealing to congress to direct the attorney general to take the Tobacco trust case to the U. S. supreme court for review."

All Michigan in Grip of Rheumatism

Scourges More Widespread Than Ever Before. New Cure That is Remarkably Effective, Quick, and Non-jurious

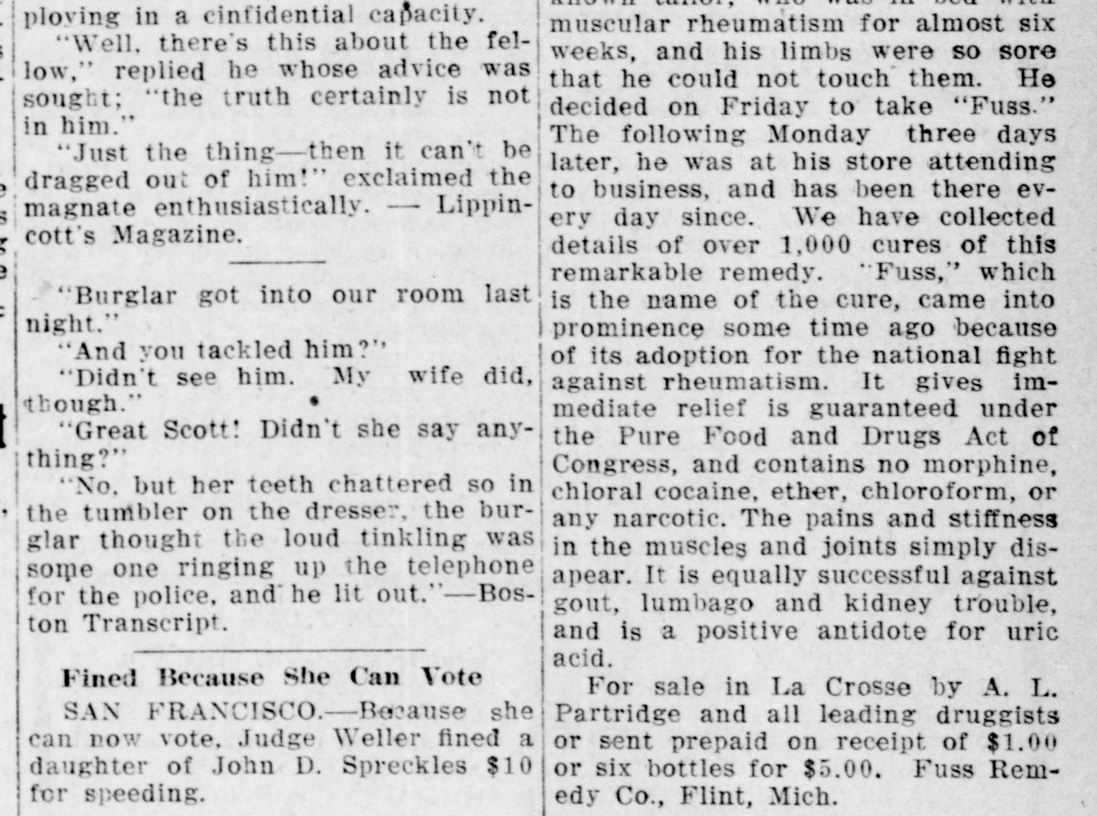

From many sections of the state have come alarming news of the extraordinary prevalence of rheumatism, which seems to be greater now than in any previous year.

At the same time comes the news of many remarkable cures from a remedy which has given astonishing results both because of its quick action as well as of its harmless nature, and we give it here for the benefit of our readers, after full investigation as to its reliability.

As an example of the astonishing results of this remedy, Mr. J. C. Cole, of Flint, Michigan, the well-known tailor, who was in bed with muscular rheumatism for almost six weeks, and his limbs were so sore that he could not touch them. He decided on Friday to take "Fuss." The following Monday three days later, he was at his store attending to business, and has been there every day since. We have collected details of over 1,000 cures of this remarkable remedy. "Fuss," which is the name of the cure, came into prominence some time ago because of its adoption for the national fight against rheumatism. It gives immediate relief is guaranteed under the Pure Food and Drugs Act of Congress, and contains no morphine, chloral cocaine, ether, chloroform, or any narcotic. The pains and stiffness in the muscles and joints simply disappear. It is equally successful against gout, lumbago and kidney trouble, and is a positive antidote for uric acid.

REVOLUTION AGAIN DISTURBS MEXICO

WASHINGTON.—That the state department has been keeping its hand carefully on the situation in Mexico was brought out when President Taft wired to Governor Colquitt of Texas to the effect that he see that the border warfare in Mexico was not carried across the line under any condition. A company of American soldiers are now watching the border closely.

The new revolution has been inaugurated under General Reyes, the disappointed candidate for president. Madero, the present head of the Mexican republic, seems to have the situation well in hand.

HIGBEE REVERSES FRUIT DECISION

Rules that Saloon Cannot Enter Place that Has Not Been Previously Used for that Purpose

VICTORY FOR GEORGE MARVIN

North Side Alderman Defeated in Efforts Before Council, but Wins Out in Circuit Court

That the license granted to Olaf Larson for the operation of a saloon at 1411 Rose street is illegal, and that the saloon therefore must close its doors was the decision of Judge Higbee this morning in the case of the state against Olaf Larson. The action was brought upon the complaint of A. A. Gibson, Charles Fligge and George B. Marvin.

The decision of Judge Higbee reverses a former decision of Judge Fruit, made in 1927, just after the state law limiting the number of saloons in a town was passed. These two cases decided in the local courts are said by local attorneys to be the only two cases regarding the law which have been tried in the state.

The state law requires that there shall be no more than one saloon for every 250 of population, providing that all saloons in operation before the law passed in 1927 shall be allowed to continue in business at the same location, but no new location licenses shall be granted.

Attorneys William F. and A. C. Wolfe for the defendant, attempted to bring out the fact that there are twelve other saloons in the city to which licenses were granted under the same circumstances, but the judge refused to allow testimony to that effect. He declared that while he had no doubt it was the truth, it was irrelevant to the matter in hand.

An injunction will be issued by the court in a few days closing the saloon. It is possible, however, that the case may be taken to the supreme court, in which case the defendant will give bond and be allowed to keep the saloon open pending the decision of the higher court.

In 1856 he was a guide and scout for Col. Wright and Maj. Raines. He had always been faithful to the whites, in spite of the fact that volunteers, in 1850, killed every member of his family, which was going down to the Columbia river, near the cascades, in canoes. Democats File Expense Account

MADISON, Wis., Nov. 23.—Secretary A. G. Schmiedeman of the democratic central committee filed yesterday with Secretary of State Frear financial statements of receipts and expenditures of the committee to date, in compliance with the corrupt practices law.

The receipts of the committee were \$597, contributions of thirty-three individuals of sums ranging from \$1 to \$50 and covering the period from September 19 to November 1.

The expenditures total \$352.31 and are for various items, principally for stamps, stationery and clerk hire.

It is the first compliance by a party committee with the corrupt practices act.

VALUABLE DOG DROWNED.

Fishermen on the Black river yesterday were forced to stand helplessly and watch a valuable black and tan for hound, which had fallen through an airhole in the ice, struggle to get out until he was exhausted. The dog drowned, in spite of several efforts made to reach him. The owner of the dog is unknown. The dog was crossing the ice when he fell into the airhole, and the broke under his paws when he attempted to lift himself. He struggled for half an hour before he finally gave up.

WISCONSIN NEWS

PARENTS INSIST GIRL IS NOT INSANE

GREEN BAY, Wis., Nov. 23.—A peculiar feature of the poisoning case at Burling in which Miss Mattie Christensen is charged with poisoning 7-year-old Hilda Nelson and who was arrested on Tuesday, is that both Miss Christensen and parents of the murdered girl maintain that she is perfectly sane, and will fight all attempts to show her to be otherwise. The family is convinced that the woman is not guilty of crime and prefer to prove her innocent rather than show that her mind is unsound. At the county jail the girl strongly denies her guilt. On Tuesday she urged her father to permit the trial to go to circuit court and to use his influence to have the insanity proceedings discontinued in order that she might prove her innocence to the jury.

It is reported that Miss Christensen may be examined as to her sanity some time on Thursday.

Miss Christensen was admitted to bail in the sum of \$5,000 late Wednesday afternoon by Judge Hastings, and, accompanied by her father, allowed to go to her home. They have retained an attorney and are preparing to fight the case.

DOGS HUNT THE TRUFFLES

How That Table Delicacy Is Obtained
With Their Assistance
In France.

Truffles, like mushrooms, belong to the family of the fungi, but are a distinct and very peculiar genus. They are cryptogamic plants and subterranean, their position underneath the soil varying from two to three inches to two feet in depth.

They have no root, stem, or leaf, and vary in color from light brown to black. They are sometimes globular in form, and vary in size from that of a pecan to that of a duck's egg. Their surface is watery and covered with a skin. Their exact method of growth is not precisely known. They are, of course, regarded as a great luxury by the epicure.

Truffles are mentioned by Juvenal, Pliny, Plutarch and Martial. The Athenian epicures were acquainted with them, and a story is told of a bon vivant who freed a whole family of slaves who had invented a delicious method of preparing them.

France has the credit of producing the finest truffles. Dogs are commonly bred to search for them.

The method of "breaking" these dogs is to give them for a time pieces of truffles every morning before they are allowed to partake of any other food. After a certain period, when their appetite for truffles increases, pieces are hidden in the ground, and they are made to find them. Thus they are gradually taught their business, though it often takes as long as 18 months before a dog becomes skillful in the art.

In some parts of France—Poitou and Perigord, for instance—pigs are trained for truffle hunting, and by some they are deemed to be better fitted for the work than dogs.

A man can't get mad at an inanimate object like a piece of furniture, but he has to take it out on somebody in the family.

Quickest, Surest Cough Remedy Ever Used

Stop Even Whooping Cough Quickly.
A Family Supply for 50c. Money
Refunded if it Fails.

If some one in your family has an obstinate, deep-seated cough—even whooping cough—which has yielded slowly to treatment, buy a 50-cent bottle of Pinex and watch that cough vanish. If it fails, money back promptly, and without argument. A 50-cent bottle of Pinex, when mixed with home-made sugar syrup, makes a full pint—a family supply—of the most effective cough remedy that money can buy, at a saving of \$2. Gives instant relief and usually wiper out a bad cough in 24 hours or less. Easily prepared in five minutes—directions in package.

Pinex Cough Syrup has a pleasant taste the appetite and is slightly laxative—both good features. Splendid for croup, whooping cough, throat tickle, incipient lung troubles, and a prompt, successful remedy for whooping cough.

Pinex is a special and highly concentrated compound of Norway White Pine extract, and is rich in quinine and other elements which are so healing to the system. Simply mix it with sugar syrup or strained honey, in a pint bottle, and it is ready for use. Used in more homes in the U. S. and Canada than any other cough remedy.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Indiana.

Peel Off the Old Skin; Bring Out the New

(From Guide to Beauty)
You know that beneath that sallow, over-red or blotchy complexion you have a skin that's clear, soft and white. If you could only have this more beautiful skin exposed to view instead of the horrid old skin you now behold in your mirror! You can—and by a very simple, painless, harmless process which you can use yourself. Get an ounce of common mercurized wax at your druggist's and this evening spread a thin coating of it over your face and neck. Tomorrow morning wash it off with warm water. Small powder-like particles of the lifeless top skin will come off with the wax.

Repeat this treatment daily until all the worn-out scarf skin has been absorbed. Then you'll have a lovelier, healthier looking complexion than you now think possible. Blackheads, pimples, brown spots, freckles, chaps or any other surface disfigurements are of course removed with the skin itself.

EVERY ACT BIG HIT AT THE MAJESTIC

You may have seen many dancers, but until you have seen the Dettmar Troupe you have not seen the real ones. This troupe of four come direct from Paris, where they were the hit of every bill.

The Three Dixie Girls have the reputation of being the greatest comedy singing act in vaudeville. It is the neatest and daintiest singing act before the public today.

The Prima Donna and the Lunatic is the title of the original sketch in which McGrath and Yeoman will appear. Miss Yeoman has a splendid voice and Mr. McGrath is a comedian of rare ability. Fisher and Green are two comedians whose equal would be hard to find. Their act is just one big round of laughs from start to finish. And another good comedy feature of the bill is Fred Rasenball, the popular English singing comedian. Every act on the bill was a big hit this afternoon and is one of the strongest vaudeville bills that have ever appeared in La Crosse. This was proven by the many orders for seats after the matinee. It is a show one likes to see many times.

HOUSE WARMING AND WEDDING ANNIVERSARY

A few of the friends of Mr. and Mrs. Louis Hirschheimer gave them a surprise house warming at their new home. It was also the sixth anniversary of their wedding. Mr. Hirschheimer, who had been on a trip east, made a special effort to be at home at this time thinking to spend the anniversary quietly with his family. It was spent with his family, but in hardly a quiet manner, as he had anticipated. All enjoyed the evening which was strictly informal. Those present were Mr. and Mrs. B. C. Smith, Mrs. Frank Davis, Mr. and Mrs. E. S. Case, Mr. and Mrs. Paul Pamperin and Miss Managold of Milwaukee.

EVENING PARTY

Mr. and Mrs. N. W. Seamans entertained a pleasant company last evening at their home, 8. Seventh St. Those present were Messrs. and Mesdames W. F. Reinhold, W. Bottolfsen, V. Woolsey, A. Schmall, J. What the Relkin Is.

A new stringed musical instrument is reported to have been devised by a Japanese violinmaker in the city of Nagoya. The invention is named the relkin, and seems likely to supersede the samisen. It has the shape of a guitar, save in the neck, that is the only part resembling a samisen. There are four strings to it, and by manipulation of the keys the instrument can be made to do the work of several samisen. The inventor has played his relkin in an orchestra of Japanese instruments and showed that it is a success in every way. He says that the idea came to him when he was touring through Europe last year.

Eating in Germany.

German roads and streets consist of residences and restaurants in alternation. There is a restaurant everywhere in Germany, except in the tomb of Emperor Frederick in Charlottenburg. The rule in Germany is to eat something every time you sit down, and to sit down every time you stop walking. The country is so arranged that whenever you sit down you do so in a restaurant. In following this rule you may suffer some slight inconvenience for a few days, but it will soon pass away—or you will.

Mortuary Literature.

"His sorrowing wife," wrote the reporter, unthinkingly, and the city editor glared as he changed it to "his sorrowing widow." "Her sorrowing widow" was the way the reporter phrased his next obituary notice, and the city editor said things beneath his breath as he made it read, "her sorrowing husband." The English language is one of the mysteries of civilization.—Toronto Star.

HELPS FOR MOTHERS

(From the Woman's Journal.)
Oatmeal should be well cooked. Two hours is none too long to boil it. Hot applications, as hot as can be borne, applied in succession until the pain is gone, is the thing to do for sprains.

At this season adults as well as children suffer from coughs, colds and catarrh results from chronic colds. There is one reliable remedy that never fails. If you've never used it yourself, ask your neighbor about Mother's Salve. It has no equal, and there should be a jar in every home, ready for use. If you've a child whose coughing and hacking keeps you awake, try this simple and inexpensive remedy. Colds never should be neglected, as the consequences are likely to be serious.

Croup is always dreaded, but Mother's Salve usually gives quick relief.

LOSES TASTE FOR MOSQUITO

Fish Imported to Kill Insect Change Their Diet and Turn to Shrimp.

Citizens of various American districts have been endeavoring to rid their neighborhoods of mosquitoes by stocking their ponds with little imported fish which eat the mosquito larvae. That the plan has its drawbacks is indicated by the following from the Hawaiian Star: "A war of the races is going on in local fresh water and brackish waters and there has been slaughter in the ranks which threatens the extinction of at least one species of Hawaiian fresh water fishes. The tender and toothsome Opu nakea, the little fish which a comparatively short time ago one might buy already cooked and wrapped in leaves in the fish market or from peddling natives, is becoming so scarce that its entire disappearance seems to be only a matter of time. The frogs and the topminnows are accomplishing its downfall, these voracious enemies greedily devouring its spawn."

"The topminnows or mosquito fish, as they are called, are thriving amazingly in the local ponds, but, like the mongoose, have diverted their tastes from the food which it was intended they should subsist on. The mongoose found chicken more to its taste than cane rat and the topminnow's diet seems to have changed from 'skeeter to shrimp. It is true that where there is nothing to eat but mosquito larvae the minnows devour them fast enough, but when shrimps and 'skeeters both figure on the bill of fare both are treated impartially by the ravenous little fish."

"Out Moanulua and Kalhi way, in the streams which empty themselves into the sea and in which shrimps abound by the million a short time ago, practically none are now to be found. The topminnows have killed them off. In the fish ponds thousands of transparent husks lying along the shore tell the tale of the havoc wrought by the mosquito fish among the opae."

Disease Spreading in Rural Section; Five Schools Are Closed in Town of Barre

HOMES ARE QUARANTINED

Several Under Quarantine East of City, and All Steps Being Taken to Kill Disease

That the city of La Crosse may become surrounded with diphtheria as the result of the spreading of the disease in the rural section, is the conclusion to be drawn from the fact that five of the country schools have been closed east of La Crosse.

In the town of Barre where the disease seems to have spread more than in the other sections, several cases have been reported and a large number of homes are quarantined. During the last two weeks five of the schools in the town of Barre have been closed by order of the town board to prevent the disease from spreading.

Among those who are now under quarantine near Barre Mills are William Meyer, Jr., Frank Schams and William Thieker.

Chairman William Stratman of the town board, today announced that they are getting the disease under fair control and with proper care for the prevention of its spreading, hope to be able to reopen the schools within a few weeks.

Although there have been reports of diphtheria in other towns, County Superintendent of Schools R. F. Oltman today said that none of the other town boards have thus far taken steps to close their schools.

BOY WILL MAKE DIPLOMAT

Clever Ruse by Which Youth Gets Rid of an Unwelcome Guest.

Paul McGregor loves to have his mother tell him stories. Also he likes to have his young friends come and share the stories. Sometimes it happens that a boy who is persona non grata with Paul will drop in for a sit-in and then the host grows restive. The stories, he stoutly tells his mother, are for him and his friends only. The presence of others spoils the recital.

It was on a recent evening, in the midst of a fairly tale, that a kid for whom Paul entertains no friendship, dropped in with the others, and immediately Paul sniffed. Then he spoke up, interrupting the tale, saying, "Bilke Wilke ain't got no sore on his hand."

"Yes, he has, too," rejoined the unwelcome boy. "I seen him only to-day."

"Don't care," said Paul, stolidly. "Bilke Wilke ain't got no sore on his hand."

Again the other boy denied it, but Paul kept right on reasserting the pool of water only a few inches deep. The old mariner was sated with a fainting spell, and fell face down in the pool. "I'm just going to prove Billy Wilke has a sore on his hand."

After he had gone, Paul, turning to his astonished mother, said, "I knew I'd get him to go. Please go on with the story, mother."

Some day Paul McGregor may sit in the seat of the mighty if diplomacy is a factor in the game.—Cleveland Leader.

JURORS BELIEVE M'NAMARA GUILTY

All Seated by Judge Bordwell Over Direct Challenge for Cause by Defense

DARROW DENOUNCES JUDGE

Attorney for Defense Will Demand a Change of Judge; Is Reprimanded

LOS ANGELES, Cal., Nov. 23.—Following a lengthy conference between counsel for the defense, Attorney Darrow announced today that he would defer presentation of the new affidavits by J. B. McNamara, demanding a change of judge on the ground that Judge Bordwell is biased, until after the jury is finally completed. He said he conceded they would be unable to get relief from the court and would, when the jury is finally ready, make the new application to perfect the record for appeal should McNamara be convicted.

Under the law such an application cannot be carried up on appeal until the actual trial is completed and until a presiding judge rules adversely on a similar application. There are now ten men in the box, five permanent jurors and five still subject to peremptory challenge. It is expected the third exercising of peremptories will take place late this afternoon, when the state will pass the entire list. Every man now subject to challenge is recorded as saying he absolutely believed the McNamaras guilty, and also that the Times building was feloniously dynamited by union men or their sympathizers, but all agreed to lay aside their opinions and try the case simply on the evidence. Judge Bordwell seated them over the direct challenge for cause of the defense.

The defense now has only eleven peremptory challenges and when it gets through exercising them this time it is not expected to have more than five, the same number as the state still has.

Judge Bordwell's rulings yesterday were openly denounced in court by Darrow, who said: "This court is permitting the state to play with a man's life and his rulings are absolutely one-sided."

Bordwell severely reprimanded Darrow, who insisted on getting his statements into the record. As a result of the court's action seating jurors who believe McNamara guilty, it is now certain that the jury will be completed in not less than two weeks.

THE BOOSTER TO BE PUBLISHED

The high school students were well pleased to hear that "The Booster," the high school paper, will be issued this year. NOTICE OF APPLICATION TO COUNTY COURT.

State of Wisconsin, County Court, La Crosse County, ss.—In Probate. Notice is hereby given that at a special term of the County Court, to be held in and for said County, at the Court House, in the City of La Crosse, in said County, on the 4th Tuesday, being the 26th day of December, A. D. 1911, at 10 o'clock A. M., the following matter will be heard and considered:

The application of Aletta K. Wash, administratrix of the estate of William A. Wash, late of the City of La Crosse, in said County of La Crosse, deceased, for the adjustment, settlement and allowance of her final account as such administratrix, and for the assignment of the residue of the estate of said deceased to such persons as are entitled to the same.

By order of the Court,
JOHN BRINDLEY,
County Judge.

J. E. HIGBEE,
Attorney for Administratrix.

STAMP FUND WILL GO TOWARDS NURSE

Committee Decides that La Crosse's Half of Fund Shall Go to This Purpose

Deciding that this year's Christmas seal sale proceeds be devoted to the engaging of a school nurse for La Crosse, the committee appointed by the local tuberculosis committee yesterday afternoon held a meeting at the La Crosse Club to discuss plans for the carrying on of the sale of stamps at Christmas time.

Dr. J. M. Furstman, J. L. Utermoehl, L. P. Benetz, John Kindley and E. S. Heberd composed the committee. L. P. Benetz was appointed chairman and J. L. Utermoehl was elected secretary.

The purpose of the meeting was to make preparations for the Christmas sale of anti-tuberculosis seals and to discuss ways and means of conducting the campaign. Inasmuch as it is felt that the engaging of a nurse for the schools will appeal to every citizen who has the interests of the present as well as the generations to come at heart, it is thought that the motive of the campaign is a worthy one.

For some time Dr. J. M. Furstman as well as many others have been interested in securing such a nurse.

State Gets Half

Although one-half of the proceeds of the Christmas seals goes to the state fund, the remaining half remains here and is to be used for the purpose of engaging the visiting nurse for this city. The half which goes to the state is used to fight tuberculosis.

Secretary Utermoehl was authorized by the committee to get out a circular letter, enclosed in which shall be stamps, and which is to be mailed to the business men in the city.

Meet Friday

The question of having school children seal sales was also taken up but this matter will be fully discussed at a meeting to be held at the La Crosse club tomorrow at 10:30 A. M. Prizes are to be given the children as an inducement to sell the seals, but they will not have anything to do with the sale in the business district.

It was also decided to introduce an educational feature into the fight against the white plague and an attempt will be made to get the use of the local moving picture theaters for this purpose. Dr. J. M. Furstman will have charge of this phase of the campaign, and moving pictures on the subject of tuberculosis, which have been offered to La Crosse, will undoubtedly be brought here.

AT THE HIGH SCHOOL

"A Scrap of Paper" is the play that the Masquer, a dramatic club of the high school, finally chose to present. The play is a comedy drama of the standard type and was a popular drama in earlier days. The club has changed the date of production from Dec. 8 to Dec. 15, because of their lateness in choosing the play. Myron S. Locke, who starred as Shylock in the senior class play last June, The Merchant of Venice, and who has been acting in a stock company in Tampa, Fla., for the past several months, will coach the players. Myron arrived from Tampa last evening and will begin work immediately with the club. The dramatic personae were chosen in a tryout last Monday night and the following have been picked for the various positions: Prosper Couramont, Arthur Kaulfuss; The Baron, Albert Weimar; Brismouche, Ralph Scott; Anatole, Harry Hirschheimer; Baptiste, Julien Bloom; Suzanne, Jeanette Anderson; Baroness Louise, Pauline Smith; Mme. Zenobe, Ruth Boynton; Mme. Matilde, Ella Forbes.

WATER TURNED ON IN NEW MAINS

Now that over half of the city water extension has been put in, the water is turned on in all parts except on Fourth street, from Pine street to the La Crosse river. The repairs on the main on King street have been completed and the water has been turned on.

Two pipes, a twelve-inch and a sixteen-inch, are to be laid over the La Crosse river, this being done so that if either one or the other ever has to be turned off on account of trouble, the North side can still have one pipe for its use. This, it is thought, will be a big improvement as the North side can have the use of at least one pipe at all times.

The pipes have now been laid up to Sixth and King streets, and the water is now on for the use of residents on Sixth street. The remaining work consists in laying pipe south on Fifth street, the contractors having until July 1, 1912, to complete the work of laying about 2 1/2 miles which still have to be laid.

Although several families by the name of Johnson were told of the accident, none of them has any relatives by the name of Lang. Up to a late hour this afternoon Lang's cousin had not been located.

"SHOT IN BACK" STATE'S ANSWER

Prosecution Attempts to Disprove Mrs. Patterson's Plea of Self-Defense

MURDER WAS PREMEDITATED

Carpenter Tells of Seeing Woman Shoot Man Twice Lying on Sidewalk

DENVER, Colo., Nov. 23.—"Shot in the back!"

These four words constitute the answer of the prosecution to Gertrude Gibson Patterson's plea that she acted in defense of her life when she killed Charles A. Patterson, her husband.

In the first dozen witnesses introduced in the criminal court today and yesterday Special Prosecutor Horace G. Benson made a strong case to support the state's theory of premeditated murder. These witnesses testified to facts which, linked together, give the following foundation for the state:

Mrs. Patterson shot her husband twice in the back as he lay prostrate.

The most important witness in the case so far and the man upon whose testimony the state bases its main claim, A. B. Shugart, a carpenter, the only man who saw the tragedy, testified as to what he saw and his story was not shaken by the defense's cross examination today.

He testified that on September 5 last he was standing in his carpenter shop when he heard two shots fired in rapid succession from the direction of the home of E. B. Hendrie, nearby.

"I looked out and saw a man on his hands and knees on the sidewalk," he said, "crying out 'Oh, my God, my God!' and a woman was standing at his back with a revolver in her hand taking deliberate aim at his back for the third shot. I hollered to her and as I hollered she fired the third shot. He fell on his face and I never saw him move again."

Shugart declared he ran towards the couple, and as he approached, the woman leaned over the man. When the carpenter called to her, she rose suddenly and dashed into the Hendrie yard.

Shugart went to the man and turned him over. He was still gasping but could not speak. Witness found under the body a revolver, which he identified as the one with which Mrs. Patterson slew her husband.

Prosecutor Benson today expressed confidence that Shugart's testimony, together with the testimony of Drs. J. W. McNamara and H. C. Brown, will be sufficient to convict. The physicians testified that Patterson weighed only 115 1/2 pounds at the time of his death, that one lung was entirely eaten away by tuberculosis and the other full of abscesses.

The state alleges that this demonstration was the work of the demonstrators having until July 1, 1912, to complete the work of laying about 2 1/2 miles which still have to be laid. The prosecutor insists that Patterson was not strong enough to show cruelty to a strong woman like his wife.

WORK SCARES MEN AWAY FROM JOB

The state civil service commission has no choice in the appointment of an income tax assessor for La Crosse and Monroe counties. E. D. Sheridan, 522 North Sixth street, is the only man who took the civil service examination for the position and is the only man eligible.

If Sheridan's examination is not above the passing mark, the commission will be confronted with the problem of either making an appointment contrary to the civil service rules or of offering another examination.

The large amount of work connected with the new position, which includes all of the work formerly done by Supervisor of Assessments J. E. Keltzer, all of the work done by the supervisor of assessments of Monroe county, and the assessing of incomes in Monroe and La Crosse counties, is given as the reason for the lack of applicants for the position. Not only this but the salary is placed at \$1,000, the amount formerly received for the work of supervisor of assessments.

A committee of three men to be known as the board of review will be appointed in each county by the state tax commission and will act as a board of appeal. Several local men have already put in their application for a position on the board of review.

ELKS TURKEY-FEST ON NOVEMBER 29

Big Annual Event to Be the Best in History of Lodge, Is Prediction of the Committee

The big annual turkeyfest of La Crosse lodge, No. 300, B. P. O. Elks, will be held in the club rooms in the theater building on the evening of November 29, according to announcements received by members.

The affair this year, assert members of the special committee, will eclipse all previous similar events and an excellent program has been arranged.

This is always the biggest festival in the year for the lodge and is an event that every member looks forward to with great anticipation.

A musical program has been arranged and a big lunch served.

The committee in charge is as follows:

W. O. Hosley, W. F. Hurlgen, Paul Lutz, Jr., F. H. Burgess, Louis A. Oyen, L. B. Raymond, Dr. E. A. Gatterdam, M. Rosenstein, George B. Rose, Jr., H. E. Montford, Jesse B. Brenner, Henry Niebuhr and W. A. Wiggenshorn.

WINONA, Minn., Nov. 23.—Little growing out of the burning of the steamer J. S. at Bad Ax on the Mississippi river on June 25, is likely to come to trial at the present term of the United States court, which opened here on Tuesday, unless for reason a continuance be taken. Most of the litigants and the defendants are here. As a result of the burning of the steamer, suits for some \$14,000 were instituted against the Acme Packet company, and the packet company has invoked an old admiralty law to escape payment of damages outside of the value of the steamer and its supplies after the fire, which articles are now in the custody of Sheriff W. W. of this city.
The principal claims for damages are as follows: Anthony Plein, administrator of the estate of John W. who lost his life in the burning of the steamer, \$5,000; Elizabeth Joseph of De Soto, Wis., personal injuries, \$5,000; Bertha Hepler, La Crosse, personal injuries, \$1,124; Anna Peterson, Lan- ing, Iowa, personal injuries, \$1,100; Mae Caldwell, De Soto, Wis., personal injuries, \$1,000.

Awards for People Disposing of Largest Number of Christmas Seals

USEFUL ARTICLES IN THE LIST

Various Concerns Interested in Crusade and Offer Premiums to Add Interest

Prizes aggregating in value about \$5,000 will be offered in this year's Red Cross Christmas Seal campaign, according to announcement by Campaign Manager Otto F. Bradley of the Wisconsin Anti-Tuberculosis association. There are awards for cities, schools, colleges and individuals making highest per capita sales, totaling more than twice the number of prizes offered last year.

All the articles have been donated by friends of the association who, deeply interested in its work, have endeavored in this way to stimulate the seal sale, the proceeds from which constitute practically the only support of the anti-tuberculosis campaign in Wisconsin. The competition begins with the opening of the sale, on December 1. The prizes and the classes of contestants in which they are offered include the following:

Four hundred and fifty dollar Gram-Richsteig piano. Cities or villages of more than 2,500 population. Donated by Gram-Richsteig Piano company, Milwaukee.

Five \$50 Clow sanitary drinking fountains. Cities and villages in the following classes: (1) 1,000 to 3,000, (2) 3,000 to 6,000, (3) 6,000 to 12,000, (4) 12,000 to 20,000, (5) 20,000 and upward. James P. Clow & Sons, Chicago.

Two "Hamrick Tobey" drinking fountains to each city or village of 1,000 population and above making highest per capita sale in its congressional district. One fountain to each city or village coming second. Hamrick Tobey company, Wausau, Wis.

Eighty dollar Mueller heater and ventilator. One room rural schools. L. J. Mueller Furnace company, Milwaukee.

Complete dustless cleaner equipment to the school making the highest per capita sale in cities or villages in each of the following classifications: (1) below 500, (2) 500 to 1,000, (3) 1,000 to 2,000, (4) 2,000 to 10,000. One single cleaner to each of twenty-five rural schools making highest per capita sales. Milwaukee Dustless Brush company, Milwaukee.

Complete program clock equipment. Parochial schools. Fred Frick Clock company, Wausau, Pa.

Ten thousand "Standard" paper towels and sanitary drinking cup equipment. Villages in Wisconsin under 1,000 population. Standard Paper company, Milwaukee.

"Civics and Health" of the Gulick series to each rural school selling \$12.50 worth of seals or more. Ginn & Co., Chicago.

Sterling silver loving cup to women's club conducting the sale in city or village with the highest per capita showing. Bunde & Upmeyer Co., Milwaukee.

Two pound box of candy to each of 300 boys or girls making highest individual sale in cities or villages of more than 500 population. Donors: Robert A. Johnson company, American Candy company, A. F. Weber, Milwaukee.

Three hundred and twenty-five dollar tour. County school superintendent whose county shows the largest per teacher sale. The Chautauqua Tours, Inc., Appleton, Wis.

**SALOON MEN NOT
WANTED AS SIGNERS**

CHIPPEWA FALLS, Wis., Nov. 23.—United States Naturalization Examiner R. K. Doe of Duluth has made a strenuous protest in circuit court over the issue that a number of applications for citizenship papers had saloonkeepers as witnesses to testify to the competency and residence of the applicant who by law must have two reputable witnesses to testify in his behalf.
Judge Wickham held that Mr. Doe took a proper position and said he would back him up in his court on such grounds. Of the forty-six applicants, twenty were admitted.

**MEINERT IS SENT
TO JAIL FOR THEFT**

Peter Meinert is serving a thirty day sentence in the county jail as the result of the alleged theft of a watch valued at \$20. It is said that both Meinert and Kaiser, from whom the watch was stolen, were under the influence of liquor at the time.

SETTLE VILLAGE SQUABBLE

KILBOURN, Wis., Nov. 23.—Judge Higbee, in circuit court at La Crosse, has decided the controversy which for a year has raged over the places in the village board here. Since April, 1910, the new village board then elected and the old one whose terms expired at that time, have each claimed to be the only lawful authority in the town and confusion has resulted from their conflicting orders. The old board maintained that the election was invalid on the ground that it had not been held under a new law passed three weeks before. Judge Higbee held that, while the election was invalid, it was corrected by an act of legislature subsequently passed. All villages in Wisconsin except those having special charters are affected by the decision.

"OH, HOW I ITCHED"
What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—
Instant relief—my skin cooled, soothed and healed!
The very first drops of D. D. D. stopped that awful itch instantly; yes, the very moment D. D. D. touched the skin the torture ceased.
D. D. D. has been known for years as the only absolutely reliable Eczema cure. Just a mild, soothing, pleasant wash made of Oil of Wintergreen, Thymol and other ingredients.
We know what D. D. D. has done—we vouch for it, and if the very first regular size bottle of D.D.D. fails to do exactly as is claimed, the remedy will not cost you one cent.

Sealshipt—the Only Oysters With a Name

Compare the crisp, tasty soda-crackers which you now get in sealed, trade-marked packages with the soft, soggy, nameless open-barrel crackers that you formerly bought.

And then remember that Sealshipt Oysters—fresh, raw, package oysters—are the only oysters with a name.

No other food product receives the care in growing, handling and shipping that is given to Sealshipt Oysters.

From the time these oysters are so tiny that several could be crowded on to the head of a pin, until the time they are delivered to you and placed in your ice box, they are under the supervision of a single organization.

During the years which it takes to bring them to maturity in their ocean beds they are under the constant watchful care of life-long oyster farmers—supplemented by the scientific help of the famous Lederle Laboratories who analyze the water and samples of the oysters to insure always the most favorable conditions.

When these Sealshipt Oysters are dredged, they are immediately placed in their sealed containers and shipped in patented refrigerators which keep them always at a temperature just above freezing.

Even the dealer who sells you Sealshipt oysters is under contract as to how these oysters shall be kept and sold.

The result is that you now can enjoy the full delight of oysters with all of the delicate sea flavor saved—just as you now can get crackers as crisp and as fresh as when they left the oven.

More over, it enables you to get your choice of the world's best oysters just as you buy your choice in cuts of meat.

You get solid oyster meats—no waste, a really economical food in individual ice cold containers.

The Chesapeake Bay oysters, for example sell for 5 cents less than Northern Standards. These in turn sell for 5 cents less than Blue Points.

for the large Sealshipten.

These prices are for "Standards." "Selects" are larger oysters of the same kind—no better—merely larger. They bring 6c. more for the small Sealshipten—10c. more for the large Sealshipten.

Ask your grocer, market man or fish dealer for a Sealshipten of these delicious oysters today.

("We especially recommend our oysters grown in the cold waters of the North. Like Northern Apples, our Northern Oysters are far superior in all particulars to those grown in the warmer waters and climate of the South.")

(The variety stamped on top of the Sealshipten is your guarantee of the particular kind of oyster you prefer)

THE INJURE CHILDREN

Cathartics and Pills and Harsh Physic Cause Distressing Complaints and May Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics and purgatives are too apt to do more harm than good. They sometimes cause griping, nausea and distressing after-effects, and may actually injure the health, thus establishing a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. We have such faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relax muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really, in our opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 16c; 36 tablets, 35c; and 80 tablets, 50c. Remember you can obtain Rexall Remedies in this community only at our store—The Rexall Store, O. T. Erhart.

In the New Home

You want the best when starting in the new home. Above all, you want that home to be snug and warm and comfortable.

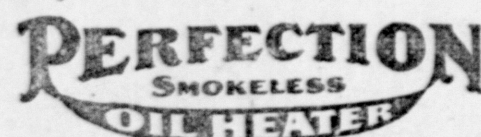

You are sure of warmth and comfort with a Perfection Smokeless Oil Heater.

The Perfection is the best and most reliable heater made.

It is a sort of portable fireplace.

It is ready night and day. Just strike a match and light the wick. The Perfection is all aglow in a minute.

The Perfection Oil Heater does not smell nor smoke—a patent automatic device prevents that. It can be carried easily from room to room and is equally suitable for any room in the house. Handsomely finished, with nickel trimmings; drums of either turquoise-blue enamel or plain steel.

Ask your dealer to show you a Perfection Smokeless Oil Heater, or write for descriptive circular direct to any agency of Standard Oil Company (Incorporated)

PARLIAMENTARY POINT CLEARED

Stand Taken by Supervisor L. B. Cox Had Been Misinterpreted but was Important

Some misunderstanding seems to have existed as to the part taken by Supervisor L. H. Cox in relation to the letting of the printing contract by the county board. Mr. Cox did not, as quoted, "arise to withdraw his own amendment."

The printing committee reported favorably upon a contract with The Tribune, taking in the West Salem and Bangor papers. Mr. Cox offered an amendment making the Onalaska Record also a participant in the printing job on the same terms as the other two country papers. Mr. Bradley moved that the amendment be laid upon the table. Mr. Cox arose to explain that if this motion prevailed it carried the original resolution with it, thus wiping out the entire transaction. Chairman Davis failing to hear Mr. Cox's explanation, his suggestion was not heeded, and the motion to table carried. On the following Monday Mr. Cox made the point of order that, as stated by him on Saturday, the entire matter had been tabled. The chairman conceding the correctness of his position, Mr. Cox moved that the printing matter be taken from the table and referred to the committee. This prevailed, and the committee again reported the Tribune contract, whereupon Mr. Cox, who had appeared in the debate purely in the interest of the Onalaska publishers, announced he would not press his amendment, but would permit the matter to take its regular course.

Saved Many From Death.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by O. T. Erhart.

W. Fallis, E. I. Kidd, A. H. Long and R. D. Paris.

Vesta Chapter O. E. S. had initiation and a social meeting at the Masonic hall Tuesday evening. Refreshments were served by Mrs. F. H. Poehler, Mrs. James Harris and Miss Minnie Huard. Out of town members present were Mesdames J. F. Pier and Isaac Larson of Eastman.

A fire which otherwise would have been serious was discovered in its early stages at the home of R. D. Paris Sunday night. The family was awakened at midnight by the smoke and found fire had caught in the wall back of a fire place where there had been a fire during the evening. A displaced brick had allowed the fire to creep through. The blaze was extinguished without the aid of the fire department. District Attorney M. R. Munson had business in La Crosse Monday.

BADGERS GO TO "CHI" TOMORROW

Hundreds of Students will Go with Team; Mass Meeting Is On Tonight

MADISON, Wis., Nov. 23.—In what was probably the last practice scrimmage of the year, the Wisconsin varsity yesterday afternoon played havoc with the freshman eleven on Camp Randall, scoring nine or ten touchdowns against the yearlings, until Germany Schultz suggested an adding machine be gotten to keep track of the count. Signal work will engage the men this afternoon, and on Friday morning the team will leave for Chicago for the last battle of the year. They will put up at the Chicago Beach hotel. They will seek some secluded spot during the afternoon to practice signals and limber up.

As a testimonial to their unceasing faithfulness all through the season, the whole squad will be taken along, together with the freshman eleven and the university band, making an aggregation of over 100 men to have free transportation to the Windy city.

The first assignment of student tickets was sold at the university yesterday and another 300 ordered. Close to 800 students will make the trip. A special train for students will leave Madison at 7:30 a. m. Saturday, arriving in Chicago at 10:30. The farewell mass meeting for the

CHICAGO MAY WIN BIG EIGHT TITLE

Chicago - Minnesota Game May Be Thrown Out; Defeat of Badgers Will Give Title

By winning from Wisconsin Saturday, Chicago will win the championship, is the latest dope in western conference circles.

The contention is based on the protest of Pickering of Minnesota and the withdrawal by the university authorities, which virtually is the same as acknowledging that he was guilty.

With that as a basis, Chicago claims that all games played with conference teams this season when Pickering competed must be thrown out, and as the only defeat that the Maroons suffered was at the hands of Minnesota, the dope is that they will face Wisconsin with a clean slate if the Gopher game is wiped off the list.

This sounds perfectly logical in view of the fact that they have defeated every conference team met with the exception of the Gophers and Wisconsin's only chance lies in a defeat for Minnesota at the hands of Illinois.

Whether or not the games will be thrown out will not be settled until the next meeting of the conference, for no official announcement has yet been made. The case looks even worse in the fact of the captain leaving college, for it gives many the loophole needed to claim that all he was in school for was athletics and now that the jig is up, he has quit the class rooms.

Minnesota is howling for the return of Michigan, but the way things are going, the Wolverines may pass up the offer to get back even though Minnesota's request is heeded and they ask the Wolverines to join.

The student body likes the Penny game and they are slowly working their way into eastern football circles. Three games are now on the list and it has been unofficially announced that Princeton will play

season will be held tonight. Rae F. Bell will preside and speeches will be made by Captain Buser, "Germany" Schultz, assistant coach driver, and others.

SCHOOL TITLE IS UP IN THE AIR

Oshkosh Claims Title, but Is Trying to Sidestep Fort Atkinson; Chippewa Falls Yelling

The ancient saw about Annie's age has nothing on "which team is champion of Wisconsin high schools?" There is a squabble at the tail end of every football season, and this year is no exception to the rule. Chippewa Falls claims it, Oshkosh claims it, Fort Atkinson claims it, and the winner of the Marinette-West Green Bay game played on Wednesday wants a chunk of recognition.

Fort Atkinson offered to play Oshkosh in Milwaukee on Saturday, but Principal O'Neil of the Oshkosh school has invited the Forts to play Racine before seeking the Oshkosh scalp. Members of the Sawdust city team claim that Fort Atkinson has not a clear title to high school honors in southern Wisconsin, not having played Racine. Furthermore Oshkosh has a game on Saturday in Oshkosh with the winner of the Marinette-West Green Bay game, and can not meet the Fort eleven here on that day. It is also probable that Oshkosh and Chippewa Falls will get together on Thanksgiving day in Oshkosh. A representative of Oshkosh eleven phoned The Sentinel office Wednesday night that negotiations for the game are now on, and that if Oshkosh won on Saturday the Falls game would probably be dated for Turkey day.

Whether Fort Atkinson will be tackled after Thanksgiving, if Oshkosh is successful in its next two games, is a question, but the Oshkosh authorities intimate that Fort will have to dispose of Racine first. They will also hold out to have the contest staged in Oshkosh.

The record of the Fort Atkinson high school team for the season of 1911 is as follows: Fort Atkinson high school 23, De Forest high school 0; Fort Atkinson 46, Baraboo 0; Fort Atkinson 13, Whitewater 0; Fort Atkinson 28, Milwaukee South Division 0; Fort Atkinson 10, Jefferson 0.

As the record shows Fort Atkinson has scored 156 points this season and has not been scored upon.

OVERALL AN OUTLAW

CHICAGO, Nov. 23.—Orville Overall, former star pitcher on the Cubs, is an outlaw, according to information which reached here on Wednesday that the big fellow had signed up with the pirate Pacific coast organization. Five thousand is the mark which, it is reported, landed Overall. The promoters of the league are trying to land Mordecai Brown.

McFARLAND STARTS WORK

SAN FRANCISCO, Cal., Nov. 23.—A three round go with Willie Ritchie, his sparring partner, on Wednesday, opened the training of Packey McFarland, the Chicago stockyards fighter, who will meet Harlem Tommy Murphy here Thanksgiving day. The Chicago battler is in good condition, it is said, and will require but little training. Murphy is training daily at his Oakland quarters.

GET RECEPTION

AUCKLAND, Cal., Nov. 23.—William A. Larned, Maurice E. McLoughlin and Beals C. Wright, the American tennis team which will play the Australians for the Davis cup, were given a civic reception on Wednesday. The team will proceed by rail to Wellington, whence they go by boat to Christchurch, where the matches will be played.

PATCH UP RELATIONS

NEW YORK, Nov. 23.—Dartmouth and Brown alumni in New York are working hard to get the two teams to agree to meet on the gridiron next year, and it is said their efforts will be successful. Dartmouth, with one of the best teams on the gridiron, did not have a chance to show its true strength against a college of its own caliber and for that reason would like to resume playing Brown.

them next season. At the rate they are getting in the select circle in the east, the Gophers will have trouble getting on themselves unless they leave the conference.

GOWNS AND COSTUMES

For Formal Occasions

Showing new adaptations of imported models by renowned Paris costumers, in styles for debutantes, misses and matrons. The advent of Thanksgiving and holiday functions suggests the needs of suitable apparel. We direct immediate attention to the display we have specially arranged to meet these requirements.

Party dresses, gowns and costumes for the ball room, theatre, dinner party, wedding, etc., are displayed in a greater degree of completeness than ever before. The new styles are developed in gracefully draped and all-enveloping modes. Silk voiles, chiffons, marisettes and other diaphanous silken weaves in beautiful color combinations and with artful usage of laces, ornaments, fringe and embroidering as embellishment, are the principal materials. There is a decided lot of elegance in every style.

The excellence of this display can be fully appreciated only by an inspection. A wide latitude for choice is presented—in black, white and evening shades—from simple party frocks to elaborate décolleté gowns.

SOCIAL SESSION AT THE GERMANIA

The first one of the four social sessions to be held during the winter at Germania hall took place on Monday evening, when a party was given which was enjoyed in every way.

About a hundred people were there to enjoy the program which had been arranged for the occasion, and which was held in the gymnasium. An excellent musical program in which Bahnert's orchestra of five pieces took part, the Liederkranz sang several selections, and several solos by different members were rendered, was a success in all respects. Card playing was engaged in during the evening.

An excellent lunch was served at the close of the session, which in-

augurated the series of winter social meetings.

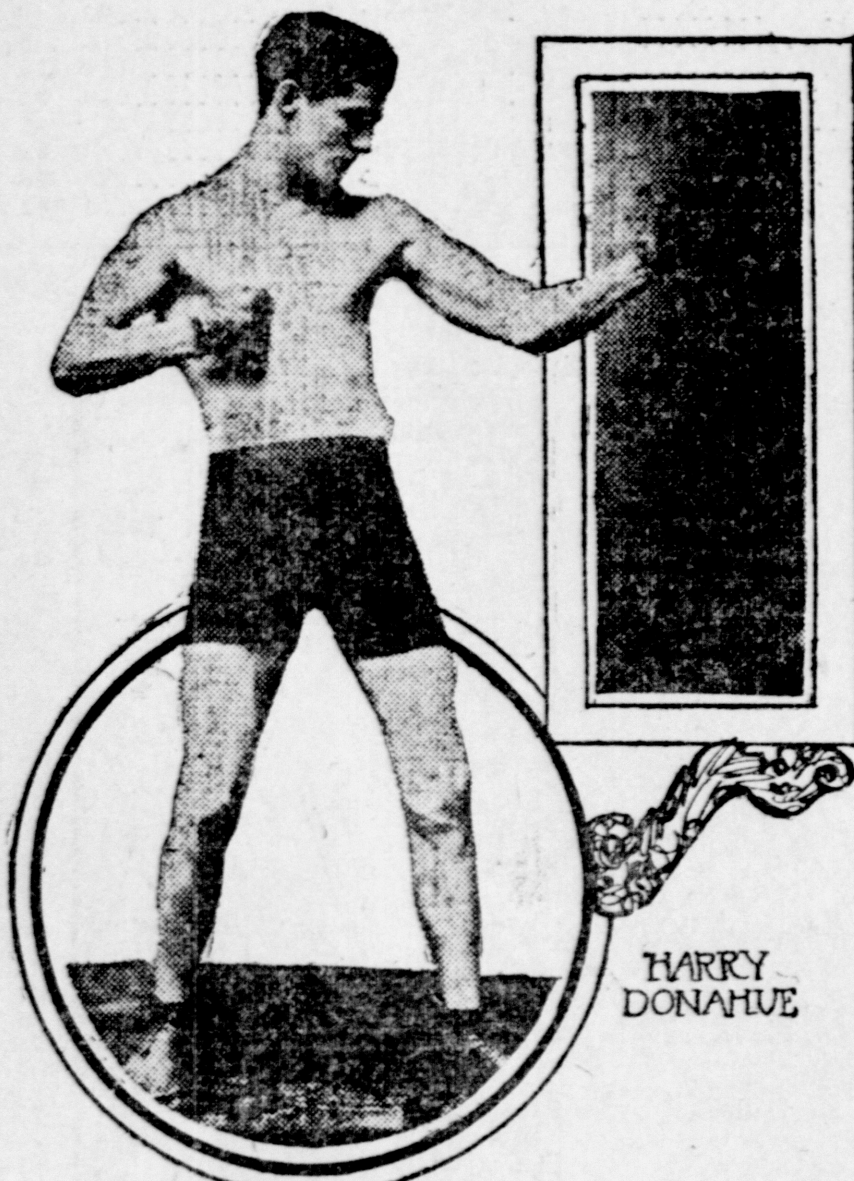

It's perfectly possible to be positive without making a noise over it.
